

# REFRESHER PROGRAMS

# Get back into hairdressing with individually designed workshops.

Regardless of how long ago your last day in industry was, our refresher courses will set your confidence soaring in no time. Our refresher courses are designed to meet individual needs, so whatever you require refreshing in, we will tailor a package to suit you.

One of the great things about hairdressing is that it's easy to re-enter the trade. Students that undertake refresher courses do so for any number of reasons. Some have had a family, others a change of career. Some even run their own in-home or mobile salon and simply want to refresh their skills. So dust off your blow-dryer and get your scissors sharpened and let BSH assist you.

Attached with this email is a questionnaire for you to complete and return, this will enable our staff to start designing a program to suit your needs and then follow up accordingly.

Upon completion of your individually designed refresher course, you will receive a Statement of Attendance outlining what you covered.

Ballyage and colour correction

Barbering

Long Hairstyle and Design
